Biology/ Chemistry/ English Language/ History - A\*  
English Literature/ Mathematics/ Physics/ Art/ Drama - A  
French - C

### Experience

#### 이연 YEP English Academy (May 2019 - January 2020)

I am currently teaching English to elementary and middle school children at a private institute in Dongtan, Gyeonggi-do. Since joining the company in 2019, I have taken on a leadership role within my branch, being trusted to train any new employees, as well as standing as a representative for my team. My teaching role involves teaching classes of around 10-17 students, one-to-one online speaking classes and essay marking.

#### Transform Housing and Support (February 2018 - October 2018)

Housing and Support Officer helping young, vulnerable homeless people with complex needs between the ages of 16 and 21. An extremely challenging but rewarding profession where I supported young people through difficult circumstances. This varied from supporting through traumatic circumstances such as Court Cases or Police investigations to teaching them to cook and fill out forms.

#### The Townhouse (July 2017 - January 2018/ October 2018 - April 2019)

Supervisor at a popular bar.

#### Soho Housing Association (November 2016 - April 2017)

Customer Services officer for a Social Housing charity. This role involved one-on-one handling of tenant issues, organising repairs and general admin for the organisation. This role greatly improved my IT, administration and telecommunication skills.

#### Edinburgh Fringe Festival (August 2016)

Assisting the Pleasance Theatre with the promotion of co-productions and overseeing of marketing distribution for all Pleasance shows.

**Waitrose (May 2015 - March 2016)** - Customer Services and Cashier. Gradually moved to the Customer Services Desk due to valuable people skills.
